

### External Exam Results Summary 2022

In the first year of publicly examined GCSEs and A Levels since 2019, UCS pupils shone. Both year groups worked hard and with good humour during lockdowns and Covid absence to achieve grades that do them great credit.

At A Level, 46% of the grades awarded were at A\*, with 81% at A\* or A and 96% at A\*–B. This is the best set of A Level results in the school's history. In Music, German, Greek, Computer Science, Philosophy, Mandarin and Further Maths, every pupil scored either an A\* or A. Moreover, 32 pupils in the year group achieved at least 3 A\*s.

In the school's best-ever set of publicly examined GCSEs, 54% of grades were at grade 9 and 78% of grades were grade 9 or grade 8. Sixteen pupils scored a clean sweep of grade 9s and 43 achieved nothing lower than grade 8. Pupils performed outstandingly in a number of subjects. Some 69% of pupils were awarded grade 9s in Physics and 67% in Biology. In Music, German, English Language and Physics the average grade was a 9.

This year 89% of our leavers are going on to undergraduate study with 78% taking up places at their first-choice universities, including some of the most renowned institutions in the world; 12 of this year's leavers have secured places at Oxford or Cambridge and the courses they will pursue include Experimental Psychology, Modern and Medieval Languages, Music and Engineering. Additionally, pupils are heading to the very best institutions in North America including Harvard, Berkeley, McGill and Chicago. All of our medical applicants met the conditions of their first-choice universities and will start their undergraduate courses this autumn at medical schools such as Nottingham, Leeds and Bristol.

Many of this year's leavers are going on to study courses that reflect their own maturing passions and interests. These include Architecture at UCL's Bartlett School of Architecture, Art History at The Courtauld, an MoD apprenticeship in Defence Weaponry, Dentistry in Bulgaria and Fashion Design Innovation. Film and television courses have also proved to be particularly popular this year, and our students secured a number of offers from prestigious institutions.

## 2022 A Level Results Summary
